30 March 2017

Mr. Stanley Okumbi
CEO
Acakoro Football
P. O. Box 77400-00611
Nairobi

Dear Mr. Okumbi

APPRECIATION OF ACAKORO FOOTBALL - KOROGOCHO, NAIROBI

We have visited Acakoro Football several times since 2016 and can confirm that it is a unique project which has not only a positive impact on some of the most vulnerable children in Kenya but also on the Korogocho community as a whole. We could witness that community members' children learn, play and eat together, regardless of tribe, religion, gender or social background, and that is just one of the simple but impressive results.

Through Acakoro Football disadvantaged children from the Korogocho slum were not only able to win against international top-teams, but their school results are constantly improving, as well as their level of confidence and commitment. It is an inspiring project in one of the most dangerous urban informal settlements of Kenya and is working towards promoting peace, gender equality, democratic values and human rights, among others.

We appreciate the efforts of Acakoro Football to make a change in the life of children through your interventions.

Yours sincerely

Daniel Baheta
Chief of Education
UNICEF Kenya
