Dear Sir,

REF: ACADEMY OF KOROGOCHO (ACAKORO FOOTBALL ACADEMY)

Football Kenya Federation confirms being acquainted with the ACAKORO Football Academy. We recognize the efforts being made by the above mentioned academy in prioritizing and implementing sustainable development through football.

Since 2013 the academy has been using football to change lives by providing elite football development and education scholarships to all their players. Furthermore, the academy has a feeding & life skills program. The academy has performed tremendously well on both local and international platforms. Our community is stronger because of the Academy of Korogocho (ACAKORO) as they thrive by reaching their goals while providing the youths with opportunities through football.

From all of us at Football Kenya Federation we would like to thank the ACAKORO Football academy for taking the initiative and dedication to enable sustainable development of football in Kenya. Your organization's work is deeply appreciated and thus you have our highest endorsement.

Best regards,
