To Whom It May Concern:

Dear Sir/Madam,

**RE: RECOMMENDATION FOR A GRANT FOR ACAKORO FOOTBALL**

ACAKORO Football is a registered football club located in Korogocho slums, Nairobi which was founded in 2013.

The club has taken a social approach to football making it a role model in showing how football has power to change lives. Besides training of one hundred slum children on a daily basis, ACAKORO Football ensures that the children enrolled have their basic needs catered to. This includes school fees, education, nutrition, medical care, transport and social development; these being needs that they could not afford due to poverty.

Football Kenya Federation officials have visited this project and we are highly impressed by the milestones achieved so far especially considering that all this has been done by the close cooperation of the community, parents and schools in the slum.

In view of this Football Kenya Federation hereby declares support for the grant application by ACAKORO Football and we kindly request your able office to consider this too.

Yours Faithfully,

Robert Muthomi  
General Secretary/CEO

**Nick Mwendwa**

President
